PROJECT DESCRIPTION

Rose Land child development organization is running a family (women) orientated sponsorship program to empower women (the mothers of our sponsored children). In this group we have so far 65 mothers or guards of the sponsored children. We have organized the women in several self-help groups where they learn a profession or they can extend their skills for income generating activities and improve their lives. We organize for them a monthly gathering program while drinking coffee and eat some bread. This monthly meeting helps the women to discuss different topics, to solve their problems by themselves, to encourage each other and to share good experiences from the mother who has role model practice in the village.

The project support the program by facilitating the monthly meeting and provide necessary materials and refreshments.

Recently we discussed as a group they would like to wear uniform orange scarves during the meeting day in order to create unity and to build a good relationship between them. The scarves will be made by one of the fathers of our sponsored children (Tadelu RLCDO.27) in order to encourage this family as well. The scarves will have the orange color, which represents the Dutch national colour. In addition the scarves will have the Ethiopian flag and Oromia flag details to subscribe Ethiopia and the Holeta region of Ethiopia.

We highly appreciate the people who sponsored these woman empowerment gathering program scarves.
